Whiskey Just After Breakfast Tune Book
Bb Supplement

Revised August 5, 2012

We meet from 10am to noon-ish on the 2nd, 3rd and 4th Saturdays of every month at the Parkside Coffee Shop, in the back of the Cedar Ridge Church, 8835 Lackman Road, Lenexa, KS.

Acoustic instruments are welcome. We play predominantly Old Time, Contra Dance and Irish tunes in ensemble style (rather than break-passing style). This is an intermediate level session, although we frequently start tunes at an inclusive tempo and often pick them up in speed as we go.

Join our mailing list to receive reminders.

**Welcome!**

This group has been meeting since 2007 at the Parkside Coffee Shop, which is in the back of the Cedar Ridge Church in Lenexa, KS. We mainly play Contra Dance, Old Time and Irish tunes such as the tunes found in this book. We do encourage you to bring something you enjoy into the group, even if it is not exactly a match with what you see here.

We start many tunes at a speed where everybody can play and often end up picking up the pace.

Acoustic instruments are welcome, as are some gently electrified instruments (keyboard, electric bass). We've played with violins, violas, cellos, banjos, flutes, recorders, whistles, hammered dulcimers, guitars, mandolins, mando-cellos, harmonicas, accordions, singers, bodhran, spoons, cajon, ventriloquist dummies, upright bass, electric bass, ukulele and likely others.

Most of our tunes are notated in both treble clef and bass clef.

**Organization of This Tune Book**

This is a living book. We are always incorporating new tunes into it as people introduce tunes we like. That makes numbering the pages somewhat challenging, since page numbers will change between book editions. It won't help to call out “it is on page 45” if everybody has slightly different editions of this book. Nor is it a good use of paper to ask that people print out a full new copy of the book with each new revision.

The organization of the book is experimental. Rather than numbering pages, I've put the first three letters of each tune as the “page number”. I've also kept it at one tune per page to make adding new tunes easy. I hope this allows us to insert pages as new tunes are added, and replace the table of contents pages as they grow.

The optimal approach, of course, is to simply know all the tunes. :)

**Thank our Host**

The Parkside Coffee Shop has been a gracious host to us from the start, and has never asked for anything in return other than the music we enjoy playing so much. We appreciate your help in making sure the space is left in better shape then we found it in, and certainly get something from the coffee shop if you wish.

If you are unfamiliar with the facility, it is connected to a play area for smaller children where your little ones can play on the other side of a glass wall while you play too. It's why the jam was started here – so I could take my kids with me and let my wife have a morning off. The height of a session-point-neutral jam session.
